

### Friday Art Task 3

Experiment with drawing different textures. First of all, practise the pencil skills under each image. Look carefully at the direction of the pencil and whether the lines are straight, curved or random.

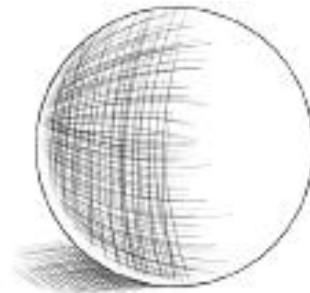

When you feel confident, try applying the technique to the images of circles on the next page. Can you make your circle look 3D with your texture techniques?

**Hatching**

**Contour Hatching**

**Crosshatching**

**Random Hatching**

**Stippling**

**Ink Wash**
