

## 1.4 ROUNDERS

**Objective:** Round any number to the nearest 10, 100 or 1000.

### Instructions

1. You need some space at home or outside to travel around in
2. Place about ten tins and packets from the kitchen cupboard around the room or garden
3. Run or move on all fours across to collect one item and find its weight on the packaging
4. Round this number to the nearest 10g and 100g and 1000 g (1 kilogram); for liquids to the nearest 10ml, 100ml and 1000ml (1 litre)
5. Note this down and repeat for all ten items
6. Rewrite all ten items in weight order from lightest to heaviest.

### Challenge

Can you repeat the task and beat your time?
