30th April 2021

Dear Parents/Carers,

The children have settled down this week following their Easter break. However, without exception, classes seem to be having some 'settling back in' either not feeling as happy at school as they were, having troublesome playtimes or friendship issues. I am sure this is just a fallout from the lockdown period, but just to let you know we are doing our best to help settle everyone back into school. Please reassure your child at home too, many children are feeling out of sorts at this time.

So, to our curriculum, Topic Webs for this term are attached and also available on the website, anything that you can do to enhance your child's experience will be much appreciated. Please continue to support your child by reading regularly and engaging with home learning each week, it really does make a big difference.

Do you have any old kitchen equipment? Our Robins would LOVE an old microwave to play with, an old blender, pots, pans, utensils, cutlery, old china cups and saucers, flowers on the turn (to make petal pies with) all for the mud kitchen. Let's get cooking!

Wonderful to see the new footpath at the bottom of the lane finished this week.

To finish, some very sad news, our lovely Mrs Wilde (who has been with us for nearly 20 years) has decided that now is the right time to move on to concentrate on other things in her life. She will be leaving at the end of summer. Her gentle and kind ways have touched the lives of many families of the years and she will be sorely missed.

Enjoy the bank holiday weekend....

Lost Property

In the box already we have 5 cardigans, 3 sweatshirts and 3 dark blue/black PE hoodies—**all unnamed**. Please please make you sure you name every item of clothing that comes into school including extra PE kit so we can return them to their rightful owners when they get misplaced !
