

Robins Woodwork & Gardening Areas Donations Welcome

The Robins are very excited to be creating a brand new outdoor woodwork area, as well as a gardening space for the children to explore. These areas will give the children wonderful opportunities to safely use real tools, get hands-on, and develop their creativity and curiosity through practical learning.

To help us get these areas up and running, we would be incredibly grateful if families could have a little hunt at home to see if you have any items you might be able to donate.

For our woodwork area, we are looking for:

- Small offcuts of wood, MDF or very soft wood
- Nails and screws
- Mini screwdrivers
- Small (but real!) hammers
- C-clamps
- Waterproof storage boxes

For our gardening area, we would love:

- Small trowels and forks
- Compost
- Plant labels
- A little greenhouse of some form
- Large pots or planters
- Small plants or seeds ready for spring planting

Thank you so much, as always, for your continued kindness and support — it really does make such a difference to the learning experiences we can offer the children. ❤️
